Fireworks, Parades In Lower Bucks

Fireworks, band concerts, parades, and parties will mark Fourth of July celebrations in Lower Bucks County tomorrow.

Parades are slated in Upper and Lower Southampton, Penn. and Parkland. An hour-long fireworks display will be featured at St. Michael's Fair, Levittown, as well as a display after the Pennell parade.

Silver Lake is open for Fourth of July picnicks, and Fourth Ave. residents in Bristol will stage a block party in honor of the Fourth.

An hour-long fireworks display, one of the biggest in Bucks County, will mark the Fourth of July celebration at St. Michael's Levittown Fair, Levittown Parkway across from the shopping center.

Over 100 Pieces

More than 100 pieces, most of them aerial displays, will be set off beginning shortly after dark. Admission to the fairgrounds, as on any night, will be free for the fireworks show.

The services of the Twentieth Century Fireworks Company have been engaged to provide the display and experts from this firm as well as police and firemen will be present to insure complete safety.

In past years crowds estimated at close to 10,000 have witnessed St. Michael's fireworks shows from the fairgrounds, the shopping center and nearby streets and lanes.

The fair itself, with its many games, booths and prizes, will be open the afternoon and the night of the Fourth as well as tonight, Friday and Saturday nights and Saturday afternoon.

Stay-at-home celebrants for the Fourth of July will have a field

(Continued on Page 2, Col. 7)

Good Evening!

Another of those long, long weekends.

Independence Day tomorrow, that is, and the weatherman rarely in better fettle.

Membership in the July 4th backyard brigade growing like everything but there's still room. You want to join up? You'll save a lot of wear and tear—and maybe even your life—if you do.

Times change, people don't. It used to be they spent the holiday maiming themselves with firecrackers. Guess maybe we'll never be able to outlaw automobiles.

And we see where the U. S. has proposed a 10-months ban on atomic and H-bomb testing.

We'd like to see Russia buy that one, no strings attached. If we could just get the world started—if only as a trial—along the road to sanity, perhaps the next chapter of history could be one our grandchildren and great grandchildren could read with joy and satisfaction.

Real fireworks tomorrow, incidentally, should be down at Connie Mack Stadium.

The Phillies tangle with the Giants in a double-header and we've a hunch that when the scoring is done we'll be prouder than ever of the Smith lads.

"You will think of me always, won't you darling?" asked the sweet young thing as she prepared to depart for the summer in Europe.

"Most of the time, dear," he said. "But I won't lie to you. Once in a while I might think whether the White Sox can beat those Yankees this year."

The new planes are getting so fast you don't have time to get acquainted with the stewardess any more.

Marriage is a two-way street. They get you coming and going.

Have a happy holiday. Guarantee it by driving very cautiously all the way.

MIKE INVITES ANYONE TO CHECK OUR H-BOMB

Liz Nearly Loses Baby

Mike Todd's Big British Party Almost A Tragedy

LONDON (UP) — Mike Todd threw London's biggest party since the coronation last night to celebrate the British premiere of his film "Around The World." The gaudy \$50,000-plus blowout almost ended in tragedy for his pregnant wife, Elizabeth Taylor.

A guest inspired by too many glasses of champagne lurched forward in the celebrity pavilion of the huge amusement park Todd took over as part of the ballyhoo and fell against a table where Miss Taylor was sitting.

The table struck her heavily in the stomach and the dazzling brunette beauty screamed in pain and fear. The baby is expected in October.

Singer Eddie Fisher and his wife, Debbie Reynolds, rushed to the actress' side and summoned Todd.

Todd thrashed his way through the most extraordinary list of celebrities gathered here in years, took in the situation at a glance and grabbed the man responsible. He pushed him to the edge of the lake in the center of London's Coney Island—the Festival Gardens of Battersea—shaking with fury.

It looked for a moment as though Todd were going to hit the offender, but the producer confined himself to gripping the man's shoulders.

"My wife is pregnant," he choked out the words. "Will you please be a gentleman."

A few minutes later Miss Taylor had completely recovered and was holding court at a table which included Sir Laurence Olivier and Vivien Leigh; Duncan Sandys, defense minister and son-in-law of Sir Winston Churchill; former attorney general Sir Hartley Shawcross, the Maharajah of Jaipur and other dignitaries.

No Paper Tomorrow

The Bristol Courier and Levittown Times will not be published tomorrow because of the July 4th Independence holiday.

U.S. Carrier Fire Kills 4 In France

MARSEILLES, France (UP)—A huge fire broke out on the 40,000-ton U.S. aircraft carrier Lake Champlain here today. Four persons, three of them crew members and one a French dock worker, were reported killed.

The Lake Champlain and two destroyers arrived here today from Italian waters for a 13-day visit to this Mediterranean port. Ninety minutes after its arrival, it began unloading automobiles onto launches which were to carry them to land.

Fire broke out in one of the launches and quickly spread to the after end of the carrier. Smoke rose several thousand feet into the air while spilled gasoline

MIKE AND LIZ

LPRA To Honor Levittown Times

Highlighting the planned series of events slated for tomorrow at the Levittown pools, will be the awarding of a plaque to the Levittown Times by the Levittown Public Recreation Association, it was announced today.

The plaque will be presented to Murray C. Hotchkiss, co-publisher of the Levittown Times and Bristol Courier by Edward M. Hough and David Melnick, representing the board of trustees of LPRA. The presentation will take place at 3 p.m., at the Pine-Lake Park pool.

It is inscribed: "To the Levittown Times in appreciation for its community mindedness and consistent support of the LPRA program."

The July 4th pool events will include demonstrations by beginning, intermediate and advanced swimmers of the skills they ac-

quired in last year's swim program, with diving and inter-pool team races. The July 4th pool events will present a water ballet by (Continued on Page 2, Col. 2)

Pravda Hints At Shakeup In Soviet

LONDON (UP) — The Soviet Communist Party newspaper Pravda hinted today that a major shakeup may have taken place in the Kremlin leadership. The indication of trouble in Moscow came in a Pravda editorial which made a firm demand for "unshakeable unity" among Soviet leaders. It particularly referred to past errors attributed to former Premier Georgi Malenkov and former Foreign Minister V. M. Molotov, but it mentioned no names.

Malenkov succeeded the late Josef Stalin as premier. Both he and Molotov have been advocates of continuing the Stalin policies denounced by the Kremlin group (Continued on Page 2, Col. 1)

Audrey Appeal Is Renewed

An urgent appeal for donations to support relief work of the American Red Cross for victims of Hurricane Audrey was renewed today by Clifford C. Nelson, chairman of the flood disaster drive of the Lower Bucks County Chapter.

Cash donations are being received by campaign workers, and at the chapter office, 435 Radcliffe St., Bristol.

Nations May View 'Clean' Missile Test

WASHINGTON (UP) — President Eisenhower said today he would invite any nation to check if it wishes on U.S. progress toward a "clean" H-bomb if this country ever stages another big nuclear test.

The President emphasized at his news conference, however, that the United States stands firmly behind its offer to suspend nuclear testing even though some scientific disadvantage may result.

If the United States ever holds another big nuclear test, the President said he would invite any other country to fire rockets and use other scientific instruments to check on American progress toward a "clean" bomb free of radioactive fallout.

The President, at the same time, opposed a national referendum on his proposed civil rights program.

Eisenhower told a news conference that he does not know of any provision under the Constitution for such a referendum. He also said he presumes that the question submitted to the people would have to be the exact language of the bill.

Eisenhower said he did not think that would make a very good subject for a referendum. The idea of putting the administration's civil rights bill to a national referendum was advanced Tuesday by Sen. Richard B. Russell (D-Ga.), leader of the southern bloc opposing the bill.

Eisenhower noted that the Constitution places responsibilities for enacting legislation into law on federal officials—obviously meaning Congress and the executive branch of the federal government.

The President made the dramatic "look see" offer in an effort to convince any doubters that the United States is trying to build bombs without fallout. He noted that bombs are now being developed which will be approximately 96 per cent free of such fallout. The United States, he said, is trying to develop the usefulness of nuclear energy for a peaceful world. He said a completely clean product, for example, could be used in building tunnels, moving mountains, and other peaceful projects.

Release More U-235

Eisenhower disclosed at the same time that the United States will announce later today that it is making considerably more uranium U-235 available at home (Continued on Page 2, Col. 2)

Army Asks France To Let U.S. Try GI For Shooting

PARIS — UP — The U.S. Army applied formally to the French government today for jurisdiction over a Manhasset, N.Y., soldier accused of killing an Algerian.

Army officials at the U.S. base in Orleans, where Specialist 3-C De Wayne McOsker, 21, is a cook, said the request was filed formally this morning with the French Ministry of Justice.

McOsker is being held in French custody in a Paris jail on a charge of "voluntary manslaughter" in the shooting death of Abdel Ahmed Llamini last May 25 in the honky tonk Pigalle section of the French capital.

McOsker was a cook at the American base at Orleans. He en-

Buss Ride

Marty Brennan, Levittown boy who had his arm amputated following an accident, is given a farewell kiss from a nurse as he leaves Lower Bucks County Hospital. Jeanne DeShong, 5 Verdant Road, Violetwood, Levittown, does the honors. (Courier and Times Photo.)

Marty's Friends Contribute \$1,592

Marty Brennan went home yesterday afternoon as Lower Bucks continued to pour out warmth and affection in dollars and cents for the Levittown boy.

Marty had a huge grin on his face and a red mark on his cheek from a nurse's kiss as he entered his uncle's car from Lower Bucks County Hospital yesterday afternoon for the short ride home.

The trust fund to guarantee the boy's education, sponsored by the Levittown Times and Bristol Courier and the Vermilion Hill Men's and Women's Clubs, roared right ahead, reaching \$1,592.16.

Robert Rockhill, manager of the Levittown Shopping Center Branch of the Philadelphia National Bank, is serving as treasurer of the trust fund. Youngsters, many of them

school friends of Marty, continued to carry the ball for the fund.

Girls Collect Over \$300

More than \$300 was collected by several girls in the Lower Birch Valley, North Park and Thornridge sections of Levittown.

Two pert little lassies, Joan Bolton and Paulette Lerie, walked in to the Courier and Times to deliver the funds in three jars of everything from pennies to \$20 bills.

Contributions for the boy, injured in an accident, can be sent to the Bristol Courier and Levittown Times, Levittown, Pa.

listed at Oak Hill, W. Va., where his grandparents live.

Under the status of forces act the French have jurisdiction over McOsker because he was off duty at the time of the incident and because a French citizen was involved. But they can surrender jurisdiction if they choose.

In Manhasset McOsker's parents, Mr. and Mrs. Lester McOsker, retained attorney Kenneth Molly and his partner, James Fletcher, to help in the case. Both are veterans and Fletcher served in the Air Force's judge advocate's office.

Frank J. Becker, a Republican state legislator, led a drive to prevent a French court from trying McOsker.

Extra Men To Patrol LB Highways

Thousands of Lower Bucks County residents are expected to "hit the road" tonight and tomorrow along with millions of other Americans as the long, four-day July Fourth weekend signals the "official" start of the vacation season.

Hot and humid weather predicted for tomorrow is expected to push residents out of their homes, into their cars and onto the already crowded roads.

The National Safety Council predicts that 535 persons will die in traffic accidents across the country between 6 p.m. tonight and midnight Sunday.

But locally State and municipal police were preparing to do their best to make Lower Bucks highways as safe as possible.

Sgt. Charles Jones, commandant of the Fairless Hills barracks of State Police, said all days off have been canceled for tomorrow.

Extra Patrol Cars

Extra cars will patrol the highways today and tomorrow. Troopers will ride in special unmarked cars as well as the regular cruisers, Sgt. Jones said. The extra patrols will be resumed Sunday as vacationists work their way home.

Lt. Julius Meszaros, of Falls Township police, said his men would be patrolling highways and giving particular attention to speeders and other traffic violators. Lt. Meszaros is directing the township force while Chief Franklin B. Kirby is on leave.

Middletown and Bristol Township police forces, as well as others, were girding for the battle against increased traffic hazards. Chief John R. Stewart, of Bristol Township, said he would have extra men on duty during peak traffic periods.

In Middletown, which straddles busy Route 1, Chief Howard C. (Continued on Page 2, Col. 1)

By JOHN TEMCLO

As Told To Don Lowry JACKSON STATE PRISON, Mich. (UP) — Ever drive a car from a prison cell? I do.

It is not the kind of drive that makes for pleasant dreams. Instead, it is a nightmare ordeal that haunts me.

I've tried to break the habit. I've been to the prison mental health clinic. But I still wake up with the haunting visions of five young faces which shared the ride with me.

I was their driver three years ago. I still am.

My prison sentence is not the real punishment for my murderous, drunken drive that never ends. My prematurely white hair is only an outward sign. My limp and stiff leg don't bother me at all compared with the realization that I turned M12 into a concrete murder strip for five friends and neighbors.

A Detroit judge said: "A drunk-

She's Surprised

Virginia Martin as Ado Annie registers surprise at the continental advances of peddler Ali Hakim played by Arny Freeman in "Oklahoma," the Rodgers and Hammerstein hit at St. John Terrell's Music Circus through July 14.

'Oklahoma' Scores At Music Circus

By JOAN NEVINS RINEHART
Society Editor

An Alice-in-Wonderland blonde with a velvet-toned voice and a lanky six footer who blows up a pleasant storm when he exercises his vocal chords are playing the lead roles of Laurey Williams and Curly McClain in Rodgers and Hammerstein's "Oklahoma" which made its debut last evening at St. John Terrell's Music Circus in Lambertville, N.J.

The Broadway hit musical staged in a Western setting where "men are men and girls are girls" unfolds a tender love story on the farm of Aunt Eller Murphy, played by Edith Gresham, a veteran of "Oklahoma" who played four years with the production in New York.

Sing Hit Tunes

Petit Jackey McKeever, as Laurey Williams and James Hurst as Curly McClain, who left the standby top role in the current New York production of "Lil Abner," romp about the stage and sing some of the hit tunes of the show including "Oh What A Beautiful Morning," "Many A New Day," "People Will Say," and "Out Of My Dreams."

They are ably assisted by top notch singers in the show's "The Surrey With The Fringe On Top," "Poor Jud," and the production's title tune "Oklahoma."

Ali Hakim, played by Arny Freeman, a veteran of top Broad-

way shows and more than 300 television productions, is the visiting traveling salesman whose romantic flirtations oftentimes find him nervously staring into the barrel of the curvaceous farmer-girl-father's shotgun.

Romantic Sights

Ado Annie Carnes played by Virginia Martin, featured performer in "New Faces of 1956" on Broadway, sets her romantic sights on Ali Hakim while her father, Old Man Carnes, portrayed by Harry Gresham, levels his gun sight on the fast-talking Ali to insure protection of his daughter's questionable virtues. This flaming red-haired canary adequately sums up her love-life tribulations in the tune "I Can't Say No."

The show's "bad man," Jud Fry, played by Renato Cibelli, who made his Music Circus debut as the King in "The King and I" at the tent last year, sings "Lonely Room" and performs the dual role of acting and dancing in his usual top notch manner.

The show will run through July 14 with the next production "Plain and Fancy" slated for July 16 through July 28.

SUMMING UP: This State has a more than nice story to tell. Sinjin Terrell presents this show in his usual top notch fashion. It's rated high for summer theater entertainment and a must for theatre-goers.

Tullytown Airs Plan On 1st Zoning Law

A proposed zoning plan for Tullytown was aired at a special meeting of Borough Council last night, and subjected to a dozen requests and complaints by property owners.

Taking the views under advisement, Council will hold at least one more hearing before enacting it into law. Tullytown at present does not have zoning.

Drafted by the zoning commission, the plan includes R-Residential, C-Commercial, M-1 light manufacturing and M-2 heavy manufacturing, HC highway commercial and FM farming-mining zones.

Zoned Residential would be the residential section of Levittown. The Levitt and Sons property extending from Lakeside Lake to Tullytown-Fallsington Road and the Delaware Canal and the site of St. Michael the Archangel Catholic Church and Levittown Catholic High School.

Commercial Area

Commercial would be the Levittown Shopping Center, plus the business properties across Levittown Parkway from the Center; and the part of Old Tullytown bounded by the Pennsylvania Railroad, Cedar St., Main St., Martins Creek to a point 400 feet southeast of Main St., River Road, to Fallsington Avenue.

Stephen P. Midouhas, president of Kemline, Inc., of Edgely, asked Council to zone M-1, instead of Commercial, a two-acre plot he owns in old Tullytown at the end of Lovett Avenue, fronting on the Railroad.

Mr. Midouhas said he plans to

Death Notices

SAUER — at his home, 219 Green St., Langhorne, on July 2, John F., husband of Ruth Wagner Sauer, age 60 years. In addition to his wife he is survived by 2 daughters, Mrs. Arthur S. Deisick, of Fairless Hills, Mrs. Howard P. Delp, of Langhorne, 5 grandchildren 2 sisters Mrs. John Brennan, of Bristol, Mrs. Edward Murray, Mount Carmel, Pa. and a brother, Edward Sauer, of Langhorne. Services will be held Saturday at 2 p.m. from the William Rothert Funeral Home, 120 S. Market St., Mount Carmel. Interment in Mount Carmel Cemetery. Friends may call Friday evening. Local arrangements are under the direction of the Dunn Funeral Home, Langhorne.

Falls Twp. Residents Ask More Sewer Plans Data

Supervisors To Meet With Morrisville

Residents of Pennsbury Heights and other sections of Falls Township last night appealed to the Falls Supervisors for a great deal more information on the recent proposal to extend Falls Township Authority sewers into Lower Makefield Township.

Meeting in their regular monthly session at the municipal building, the supervisors announced that a meeting would be set up with the Morrisville Authority in order to explore the possibility of connection with it rather than following the proposal that Danherst Corporation finance the project.

Edward Howley, Fairless Hills, asked for an explanation of the remark made by T. Sidney Caldwell, attorney, at the recent panel discussion on sewers that the proposal is being made to "pull Danherst off the hook."

"I'm interested in how this will affect the water and sewer rates in Fairless Hills," said Howley.

Jim Stewart of Pennsbury Heights cited the general dissatisfaction with the recent panel meeting because "we all attended to get the details but learned that we were being asked to okay something that had been given the merest preliminary study rather than a detailed investigation."

Chairman Elder Hacker assured the residents that there would be other meetings and further study.

David Struble accused the backers of the plan of "hedging" on information and said that residents were not being given a clear picture. When asked for particulars, he said, "Most people think The Township of Falls Authority owns the water and sewer plants, when actually they're owned by Danherst."

It was brought out that Danherst Corporation is only willing to finance the plan if it is extended into Lower Makefield and wants it done now.

Falls Problem First

"We have a problem to solve in Falls Township first," said John Thomas, of Palm Lane, Levittown, "and we cannot jeopardize it by waging a battle with Makefield if the residents there don't want to take advantage of the Danherst offer."

John Miller of Pennsbury Heights pointed out that cesspool cleaners working in Falls Township have trouble finding a place to dump waste and soon will refuse to come in at all. This was conceded by Mr. Hacker.

In other business, Milton Berkes proposed that the Falls Township police force be given raises in pay in addition to their recently gained 40-hour week, since the raise was taken care of in the budget.

Weigh Trucks

John Thomas recommended that Falls Township start weighing trucks, and said that this could bring in additional revenue to the police force.

The supervisors announced that the petitions to change the status of Falls from a second to a first class township are in the Bucks County Courts and the question should go on the ballot in November.

When a resident asked what purpose the change in status would serve, he was told that it would eliminate the threat of annexation by a first class township or borough.

Board Hears Broker Protest Policy Placing

A Bristol insurance broker went to the borough school board last night to protest that local agents were not given a fair opportunity to state their proposals for new policies for the teachers.

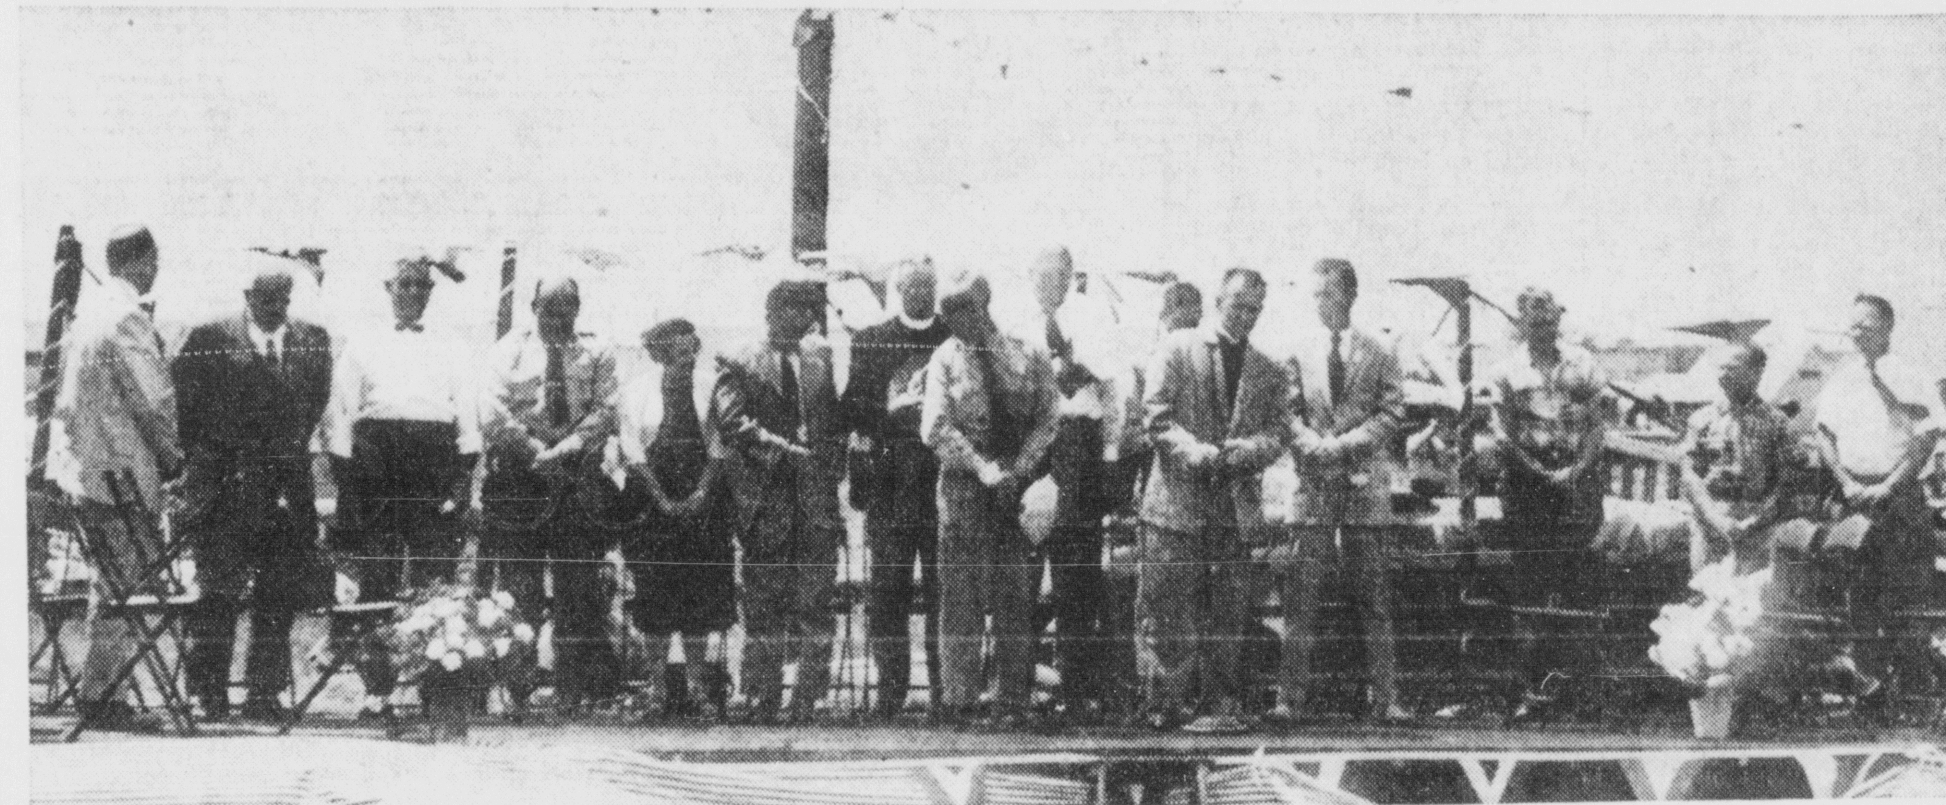

The school directors, after hearing the protests of Vincent Massi, head of the Massi Agency, decided to review and reconsider the awarding of a weekly indemnity policy. The board denied there was any unfairness on its part and said all bids had been opened at a public meeting.

The insurance is in a group plan for the teachers, recently authorized by the school board, in which the board and the faculty members will share in the cost.

Bowling Sweepstakes To Start Tomorrow

Jubilee Lanes will start its week-end bowling sweepstakes tomorrow afternoon and run through Sunday night. The sweeps normally run Friday, Saturday and Sunday, but with tomorrow being a holiday, the Route 1 establishment moved the start ahead one day.

Levittown Volunteer Fire Company 1 Dedication

Officials and guests of Levittown Volunteer Fire Company No. 1 are shown during the invocation preceding dedication ceremonies for the company's fire house on Tullytown Fallsington Road above Mill Creek. Left to right they are: I. Warner, Jr., president of the Warner Company who donated the land; "Pop" Heebner who gave free housing to the fire company's equipment and trucks before the

fire house was built; Clifford Watson, Falls Township supervisor; Lt. Jules Mezzaro of the Falls Township police force; Mrs. Raymond Strunk, widow of Bucks County Fire Marshal Strunk; Milton Berkes, Falls Township supervisor; Rev. Paul J. Cahill of St. Joseph the Worker Church, Fallsington; Robert Roth, vice-president of the fire company; Elder Hacker, chairman of the Falls Township

supervisors; Charles Hopkins, chief of the fire company; and the Rev. Thomas L. Moore, Emilie Methodist Church of Levittown; Albertus Gilbert, president of the fire company; Leonard Roberts, Bucks County Fire Marshal; and the Happ Brothers, builders of the fire house.

(Courier and Times Photo)

Leader's Rap Of Assembly Angers Bloom

HARRISBURG (UP) — Gov. George M. Leader told a statewide television audience last night the Republican controlled 1957 Legislature was "a very bad, unproductive and...destructive session."

Leader took the recent General Assembly to task during a 30 minute review of legislation awaiting action on his desk prior to the July 20 deadline.

The governor said some lobbyists at the capital were more powerful in the Legislature than any state politician or officeholder.

"The 1957 Legislature not only followed the lobbyists in major policy; it protected the lobbyist from disclosure as to their identity and the amount of money they spend making friends and influencing votes at Harrisburg," Leader said.

As one sample the governor cited a bill to make the state liable for the costs of moving utility facilities when they must make way for highway construction under the interstate system.

Republican State Chairman George I. Bloom reacted sharply to the speech. He said:

"How any man holding the position Gov. Leader holds can say the untrue things he said without blinking an eye when he knows in his heart that they are not true, is impossible for me to understand."

Bloom said the Republicans would expose the "many outright falsehoods" in the governor's speech when they are given equal time to reply on television.

Lumber, Lawn Mower Keep Firemen Busy

A smoking pile of lumber and a smoldering lawn mower kept Morrisville firemen hopping last night.

The lumber pile caught fire about 9:30 p.m. at Post Road and Royal Ave. where it was being stored.

Smoke and flames from the wood burned for several minutes before firemen from Union and Capitol View Fire Companies could drown out the blaze.

About an hour earlier, the firemen put out a fire on a lawn at 62 Central Ave.

North Park, Tullytown Men Hurt In Accident

Two persons were injured last night in a collision in Bensalem township that led to an Eddington man being charged with drunken driving and reckless driving.

Bensalem Policeman Richard Brantlecht, investigating, said Julia Wragg, 46, of 48 Nightingale Lane, Levittown and John Chase, 50, of Oxford Ave., Tullytown, were taken to Lower Bucks County Hospital and given treatment for cuts and bruises.

Bensalem police said the Levittown was treated for a cut

Seeing Levittown

By LEE GARB

I didn't think so many people would be interested... anyway, many thanks for your inquiries. "Baby" same back by herself this morning and stood by the door at 7 a.m., loudly proclaiming that she was unwilling to wait for her breakfast.

Three gals who live on Thimbleberry Lane in Thornridge are afraid to face their neighbors... Fran and Sue Courtney and their friend, Maureen Scott went out collecting for Marty Brennan and came up with over ten dollars. It was donated by residents of Thimbleberry Lane and Lower Thornridge Drive, but in the listing Thimbleberry received no mention... Mrs. Courtney called the oversight to attention and asked that the girls be hailed off the hook.

We hear that Levittown's Don McCargar, who plays that great hot trumpet at the "Paddock" in Trenton, cooled off last night to give out with some relaxed sounds at Odette's Bistro in New Hope last night.

Did you know we had a Beiderbecke in our midst? (Of course... isn't Levittown a "planned" community?)

In case you miss seeing it elsewhere... a donation was just received for Marty Brennan from "The dog tortorator and her dog lovers."

Discussing that idea of the Levittown Garden Club's to institute a Japanese beetle grub-control program on a community wide basis... seems from what we've heard, residents are spending five dollars a season on insecticides and sprays alone, without even counting the damage to plants, lawns and trees.

Under the Garden Club's plan, the money could be used to el-

Intersection Is Hazardous

Route 13 and Beaver Dam Road, Bristol Township, was a hazardous spot yesterday afternoon.

Two auto accidents occurred within ten minutes at the corner. At 2:35 p.m. William J. Henry, 52, of 2050 Winthrop Ave., Lindwald, N.J., suffered a slight heart attack while driving on Route 13.

He stopped and pulled off to the side of the road. But, without realizing, he put his auto in reverse gear and it crashed backwards into a concrete abutment protecting a sign on the parking lot of O'Boyle's restaurant.

Henry was taken to Lower Bucks County Hospital and treated for the heart attack.

Ten minutes later, Richard Richardson, 21, of 411 Magnolia Drive, Levittown, attempted to pull out of O'Boyle's parking lot and was struck by a car driven by James Murphy, 22, of 1207 Karen Ave., Croydon, who was traveling on Route 13.

Patrolman Harry Smith gave both drivers tickets. He cited Murphy for driving too fast for conditions and charged Richardson with violating the right of way.

Committee' Chairmen Named By GOP Club

James Monte, president of the Bristol Township Republican Club appointed committee chairman at a recent meeting. This was the first meeting since Monte was elected president.

The committee' chairmen are: James Heisel, fund raising; Walter Fried, by-laws; Robert Goldsmith and John Hardy, auditing; Mrs. Fred Stewart, refreshments; Larry Harrison, Publicity.

The club also suggested that Newtown Parkes and George Fischer should be considered for the vacancy to the township school board. The vacancy was caused by the resignation of Clarence Young who had served the school board for 18 years.

The school board must appoint his successor.

Middletown Meets Tonight

Middletown Township Supervisors may for the second time in two years change the zoning classification of a 24-acre tract from residential to commercial at their regular meeting tonight.

In 1955 the supervisors rezoned the land, on the west side of Route 413 and north of Newportville Road, to commercial. But the county courts declared the action null and void.

Now William Rossiter, of Langhorne, who owns the lot is once again trying to have it changed. The supervisors rezoned the land in 1955 despite the protest of some residents. Some of those protesting filed a court suit asking that the action be set aside. As a result of the suit the court discovered that actually the supervisors had rezoned the wrong piece of land.

Tullytown Has Acting Burgess

Tullytown is without a burgess this week.

The resignation of Burgess Frederick Rentschler became effective last weekend when he moved from the borough to the Country Club section of Levittown.

Mr. Rentschler moved from 15 Shadtree Lane to 25 Rose Apple Road, Red Rose Gate, Levittown. His resignation, accepted by Borough Council last month, was to take effect when he moved away.

The president of Council, Charles Mitchell, is acting burgess.

Driving Care Urged During Care Repairs

Bensalem Police said construction work along Street Road has caused temporary congestion on certain stretches along the road and warned drivers to take extra care when driving near the area.

Chief William Rietmamp said when construction is complete the road will be in "much better shape and will do everyone good," but he said, "while work is going on, be extra careful about your driving and hold down accidents."

Polio Threat, Vaccine Shortage Alarms Town

JOHNSON CITY, Tenn. (UP)—Daily mounting polio cases and dwindling stores of Salk vaccine brought growing concern today to officials working to prevent an outbreak "of epidemic proportions."

Four new cases diagnosed as "non-paralytic polio" were admitted to Memorial Hospital late on Tuesday and Tuesday night, bringing the total to 17.

Boro Board Gets Biggest Tax Check

A \$172,374.53 tax check, the biggest ever presented to the Bristol borough school board, was given to Board Treasurer Arthur Rago last night by Borough Tax Collector Joseph A. Ferry, Sr.

The big check covers real estate, per capita and head tax collections on the 1957-58 duplicate from June 4 to yesterday. They qualified in the discount period.

The real estate taxes were \$157,782.45; per capita and head tax, \$18,110; for a total of \$175,892.45. The two per cent discount allowed was \$3,517.92.

Mr. Ferry, noting a previous collection of \$35,574.20 in taxes, totaled collections on the 1957-58 duplicate to date at \$207,948.73.

Inquest Not Planned In Patino Death

MONTMOLLIN, Switzerland (UP) — Swiss officials said today they planned no inquest into the death of Joanne Connelley Ortiz Patino, the international society beauty whose marital troubles made headlines for four years.

The 26-year-old twice-married former cover girl was found dying of a heart attack early Tuesday in her villa. She died soon after a Roman Catholic priest administered the last rites of the church.

Informed sources said no investigation was planned because she had been ill for some time. The sources said she had been treated twice at a Lausanne Hospital for heart trouble, caused by taking overdoses of reducing pills.

News Tip Call May Mean \$5.00

If you've got a keen sense for news, it could mean extra bucks for you. Whatever the news tip might be, just phone the News Tip Editor, Courier and Times, Windsor 5-1000 or STiltwell 8-3325. For the best tip of the week, the Courier and Times will pay \$5.00.

Boro Groups To Discuss Apartment Buildings Zoning

Measures Expected To Clarify Situation

Morrisville's planning commission and ordinance committee will meet later in the month to probe further into the possibility of apartment buildings in the borough.

At a meeting this week of the two groups, no action was taken on the possibility of a new apartment building coming into the borough.

"Exploratory Session"

Thomas Rohner, secretary of the planning commission, said the meeting was "an exploratory session" to lay the groundwork if an apartment building becomes an eventuality.

"We will take measures at our next session to clarify certain zoning restrictions if an apartment building were to come into the borough," he said.

A Trenton builder, Louis Cahan, has met with borough officials on the possibility of building a modern apartment structure in Morrisville.

Proposal Pending

This matter is still pending but the borough officials wish to be ready for any apartment proposal.

Under the present zoning ordinance, no apartment building could be allowed because of height and zoning restrictions.

At the next meeting actual recommendations will be made for changing the borough ordinances to allow for apartment buildings.

Mr. Rohner said the feeling of the group at the meeting was

"generally favorable" to the coming of apartment buildings in the borough.

Also discussed was the possibility of constructing garden type apartments, no higher than two stories, along West Trenton Ave.

The next session of the two groups is set for July 16 at Sumnerseat at 8 p.m.

Bucks Fourth Fire Marshal Sworn In

Leonard D. Roberts, of Trevoze, was sworn in today as Bucks County's fourth fire marshal by President Judge Edward G. Biesler, a former neighbor.

The ceremony took place at 9 a.m. in the judge's chamber. Mr. Roberts was sworn as a deputy sheriff for fire marshal purposes only.

Raymond E. Strunk, Quakertown, the second fire marshal of the county, died May 16. The first fire marshal was William L. Stackhouse, Doylestown, former sheriff of the county, who is still living. Robert Graham, Chalfont, served as the third marshal and died several years ago. Following the death of Mr. Graham, Mr. Strunk resumed his career as fire marshal, and served until his death.

Mr. Roberts was elected fire marshal at the 44th annual convention of the Bucks County Firemen's Association at Plumsteadville June 8. He had served as acting fire marshal after Mr. Strunk's death.

Firemen Fight Blaze With Water-Melons

TAIPEI, Formosa, (UP) Civic officials praised Taipei firemen today for quick-thinking.

Hampered by a water shortage at a warehouse fire, the resourceful fire fighters threw hundreds of nearby watermelons into the flames to bring the fire under control.

Garbage Collection Cancelled Tomorrow

Garbage collection in Morrisville will be suspended tomorrow for the July 4th holiday. Bob Steward, borough secretary, announced today.

Normal Thursday schedule of collections will be followed Friday as well as the normal Friday schedule of collection.

Two separate crews will be used, the secretary said.

Chestnut Renamed To Planning Group

The Lower Makefield Township Board of Supervisors has re-appointed Frank T. Chestnut to a position on the township planning commission.

Mr. Chestnut, 2222 Yardley Road, will serve his second five year term on the commission.

Women's Auxiliary To Sponsor Bake Sale

The National Little League Women's Auxiliary of Levittown will sponsor a bake sale tomorrow at Brook Park, Levittown, from 1 to 5 p.m.

Lucky Auto Winner

Werner Duerkop, Yardley, is all smiles (center) after being named a winner of a Pontiac automobile in the company's contest. Looking on are (from left) Willard Wamsley, local dealer, and D. O. Kniffen, district manager of the Pontiac division. (Courier and Times Photo).

Jazz to Honor Ole Satchmo

NEWPORT, R.I., (UP)—It's a long way from Basin Street in New Orleans to Bellevue Avenue in Newport. But jazz makes the jump Thursday night when this seashore city becomes Jazztown, U.S.A.

The fourth annual Newport Jazz Festival, four days of the hottest, coldest, lowdown-est music either side of Mason-Dixon, blown by 125 kings of the cats, should draw 40,000 jazz lovers.

Fittingly, tomorrow's opener is a swinging birthday blast for the crown prince of them all, Louis Armstrong, 57 on the Fourth of July.

Happy birthday never will sound the same as blown by the all-star group, including Satchmo, Sidney Bechet, Jack Teagarden, Cozy Cole, J. C. Higginbotham, Red Allen, Kid Ory, Arvell Shaw, Claude Hopkins, Buster Bailey and George Lewis. Ella Fitzgerald will do the warbling.

Modern dance, in the person of Eartha Kitt and her company, also takes a bow at this year's festival, generally accepted as the world series of jazz. The program will include gospel music by Mahalia Jackson, and Clara Ward.

Soviets Could Capitalize

West Powers Warn: Disarm Red China

LONDON (UP) — British and French officials warned today the Soviets could build a hydrogen bomb stockpile in Communist China unless the Peiping regime is included in any first-step disarmament proposals.

Red China's exclusion from any such pact, they said, could provide Russia with a means of circumventing any East-West agreement on ending nuclear bomb production.

They added that Russia could transfer its manufacture of fissionable materials to Communist China since no provision has been made yet for setting up international checkpoints there.

Harold E. Stassen is expected to present further details of the Western proposals for halting nuclear weapons production before the London disarmament conference today.

Tuesday, the Western powers—the United States, Britain, France and Canada—offered to halt nuclear tests for 10 months if Russia

agreed to end production of fissionable materials for weapons use by 1959.

Soviet delegate Valerian Zorin expressed "gratification" at the proposal but requested further details. No major action is expected until Stassen completes his presentation and Zorin confers with the Kremlin.

L. Makefield Shifts Road Budget Money

A switch in the Lower Makefield budget will transfer money marked for new road construction to the maintenance and repair of old roads.

In the budget prepared for the year, more than \$1,100 was penciled in for the construction of new roads in the township.

After a survey of township road conditions it was decided by the supervisors not to build any new roads this year because of the uncertainty of the location of the Yardley by-pass.

At this week's meeting the board approved transferring money marked for new construction to repair of maintenance of old township roads.

It was the feeling of the supervisors that construction of a new road would not be advisable at this time if the by-pass would come in and cause the road to be broken up.

State aid for roads can be used for either construction of new roads or maintenance of old roads in the township.

Marvin Levitt To Start Landscaping Class

Morrisville art teacher Marvin Levitt will teach a class in landscaping beginning next week at Pennsbury Manor.

Persons interested in taking the course, to be taught Tuesday mornings from 9 a.m. to noon, can contact Bea Berlin at WI 5-2708 for further information.

Morrisville Rotary Cancels July 4 Meet

Morrisville's Rotary Club has cancelled its meeting tomorrow to observe the July 4 holiday.

William Hahn, newly elected president, will preside over the next regular session of the club, next Thursday, July 11, at Pennsbury Inn at 6:15 p.m.

Yardley Committee Will Study Sewers

A newly appointed commission to study the sewer situation was organized this week in Yardley and will meet again next week to dig further into the problem.

The commission was appointed by Henry O'Brien, Yardley borough council president, to examine all aspects of the borough's sewer situation.

It will be the job of the commission to determine if sewers are needed in the borough and, if so, to determine the most economical method of building a sewer line.

Lower Makefield Township is presently in the midst of a sewer discussion, studying the possibility of a joint undertaking with Falls.

Yardley could become involved in this, or seek aid from Morrisville which has its own plant, or seek an alternate solution.

W. M. Scott said another meeting of the group has been set for July 11.

Frank C. Cole, 133 North Main St., Yardley, has been selected as temporary chairman of the group.

Fred Eifert, 41 East Afton Ave., Yardley, has been appointed as secretary following the organizational meeting.

Ike Wins Victory On Defense Bill

WASHINGTON (UP)—The Senate has passed a whopping \$34,334,229,000 defense money bill, the biggest measure of the session and a near record in peacetime funds for the armed forces.

The measure, passed unanimously at an overtime meeting Tuesday night, gave President Eisenhower a resounding budget victory. It would restore \$971,504,000 of the \$1,200,000,000 in House cuts which the President had labeled a threat to national security.

Passage came after the Senate staved off two drives to make deeper cuts in the measure. But senators did include a provision demanding that Defense Secretary Charles E. Wilson take all possible steps to save money by eliminating waste and duplication in military procurement and supply.

The House and Senate versions now go to a conference to thresh out differences in the two totals. Senators agreed in advance that their total would be termed somewhat in reaching a compromise with the House.

Man Starts Jail Term

A Trenton man was sentenced to 30 days in Bucks County Prison today on a disorderly conduct charge in Morrisville and may wind up spending more time in jail than that.

John Raymond Lang, 133 Lacey Ave., was committed to Bucks County Prison by JP Neal Nolan after failing to raise \$100 fine on the charge.

Chief John S. Davis said Lang will also have to spend time in prison until a hearing is set on a charge of driving with a revoked license.

Bail of \$500 was set on this charge and Lang was unable to raise that amount.

Police said the charges were an outgrowth of an arrest by officer Joseph DiGiorgio yesterday morning on a Morrisville woman's complaint.

Gun Pointer Goes To Jail

The explanation that he wasn't pointing a shotgun at his wife but at his cousin didn't keep Paul McCalop, 21, of 634 Spruce St., Bristol, out of jail last night. He was locked up and held for a hearing before Justice of the Peace Eugene Spadaccino tonight.

Sgt. Gaspar Favoroso and Patrolman Earl Buck and Fidel Esposito went to McCalop's home at 9:30 last night when the wife called to report the gun threat. Not finding McCalop at home, the officers searched the area, and arrested him at 10 o'clock when he returned.

McCalop at first denied there was a gun. But under questioning at the police station he said he had brandished a 12-gauge shotgun to keep his cousin from entering the home to interfere in an argument between himself and his wife. The police have the gun, as well as the suspect, in custody.

McCalop is charged with disorderly conduct and surety of the peace.

Morrisville Woman Gets Contest Prize

A Morrisville woman is among the 311 winners in a national contest to name the widely publicized calf twins of Elsie the Cow.

Mrs. Martha Tackett, 11 Walnut Lane, Morrisville, received a G.E. portable TV set.

The announcement was made by Stanley M. Smith, president of Borden-Castanea, a division of the Borden Company in this area.

Mrs. E. Johnson of Anaheim, Calif., submitted the winning names, Larabee and Lobelia.

3rd District Firemen Laud Auxiliary Aid

Members of the Third District Fire Co. of Bristol township last night gratefully voted to accept the offer by the Women's Auxiliary to purchase a Motorola twin transmitter-receiver for their newly-acquired 500-gallon pump engine.

The new radio set is expected to be delivered and installed in four weeks, according to Louis Amadio, fire company president.

"The auxiliary has always been a mainstay of most fire companies," Mr. Amadio said in announcing the acceptance of the radio. "This is especially true in the case of the Third District's short two-year existence. Thanks to the ladies for a job well done."

Join Association

The firemen voted to join the Firemen's Association of the State of Pennsylvania and send two delegates to the state meeting. They are Chief Carl D'Emidio and Assistant Chief Robert Cosner.

Chairman Albert Lovett of the picnic committee reported that plans are well underway for the

second annual picnic to be held at the Circle M. Ranch, near State Road, Croydon, Sunday, July 14, from 1 to 6 p.m. Tickets are available from the firemen and a big turnout is expected. Each member and friend of the fire company was urged to attend. Plans for the picnic include Jersey corn on the cob, clams, steamed and on the half shell, beverages and recorded music.

The children also will be well entertained, Mr. Lovett said.

15 Fire Calls
Chief D'Emidio reported there were 15 fire calls in June. These included seven grass fires, four house fires, one automobile fire, two industrial fires and one false alarm.

Accepted into the fire company as new junior members were John E. Dougherty, Jr., Donald McGarrigle, Frank Schultz and Joseph Itasca.

Accepted as regular members were Edward Napoli, Alexander Liszewski, Frank Szczepanski, William F. Dunn and Carl W. Conrad.

Marine Tree Climber

Pvt. Jerry F. Evers of Morrisville, prepares to fasten his safety belt and string communication wire from his battery location in the field to the Fire Direction Center. He is attending summer training with his unit, the 3rd 155mm Howitzer Battalion, Marine Corps Reserve, Trenton. (Official USMC Photo by PFC Frank Simone).
